

Title: Allocation of Nursery Place

Category: In the Setting

Description: Families requiring a place at the nursery will complete an application form stating the days and hours needed and the start date. Once a place has been allocated families will receive an email asking for the deposit and registration fee to keep the place.  
Once the deposit has been paid this will secure your place. If families make the decision to withdraw from attending the nursery this deposit will be non refundable. Families starting at the nursery must have attended for a minimum period of three months not including the one month notice period to receive the deposit refund.
